Personally, I say just assemble them. The powder coat won't last long anyway

May I proceed with assembly? We have about 10 on the go right now. I really don't want to wait to have more made...we have 79 of the painted in stk of D3537-1 and 43 of the D3537-3's. shall I get all the w/o's off the shop floor and remove the powder coat? Do I need someone to sign this off?

Question for anyone that can answer me:

The new wearplates D4956-XX that replace the D3535-XX are SS unpainted, but the wearpads D3537-1/-3 are painted, does this matter?
